COLORADO SPRINGS GAZETTE

COLORADO SPRINGS, COLO., TUESDAY, DECEMBER 4, 1888, WITH SUPPLEMENT. PRICE FIVE CENTS.

CITY COUNCIL.

[illegible] Regular Session of the City Council.

[illegible] Roll Called. Present—

[illegible] Absent—None.

[illegible] Minutes of Last Meeting Read and Approved.

[illegible] Petitions and Communications.

[illegible] Reports of Committees.

[illegible] Unfinished Business.

[illegible] New Business.

[illegible] Ordinances.

[illegible] Miscellaneous.

[illegible] Adjournment Taken to Friday Evening of This Week.

The regular meeting of the city council was held last night. There were present Mayor Strickler, Aldermen Stevens, Skinner [illegible]

A petition from the residents of Hawkins' addition was read, praying that a bridge be built across Spooke's run on Franklin street in said addition. Petition was referred to the committee on streets, alleys and ditches.

A petition from a number of the students and professors of Colorado college, requesting to be allowed to use water to make a skating rink in college park was received and upon motion was referred to the water superintendent, with the understanding that it be granted if there is sufficient water.

A petition was received from A. L. Lawton requesting to be allowed to lay a six-inch sewer pipe east and west in block 240 at his own expense, with the *understanding that the city* [illegible] and pay the cost when that part of the city is sewered. On motion the petition was granted.

On motion of Alderman Skinner it was [illegible] *that when the council adjourn it be to meet on Friday night next.*

On motion the city attorney was instructed to draw up an ordinance relating to *grease traps and soil pipes, to be presented at the Friday night meeting.*

An committee of the board of trade presented the resolutions relating to an additional water supply passed at the last meeting, which were read. Mr. H. G. Lunt, of the committee, addressed the council upon the matter, laying before it the absolute necessity of more water and of providing for the future. Mr. Louis R. Ehrich also addressed the council. For nearly three-quarters of an hour a general discussion ensued, participated in by Aldermen Skinner and Stubbs, City Attorney Pattison, City Engineer Reid, Mr. Ehrich and Mr. Lunt.

During the discussion it was developed that the members of the board of trade wish the city to take some action, such as will secure a squatter's or other right to the water of Lake Moraine, and to issue six bonds of not less than $150,000 for the purpose of bringing the water to the city.

The matter of *submitting the question* to the tax payers of issuing bonds at a special election was discussed, but upon the advice of the attorney it was decided that a petition would answer the same purpose, as the council has absolute authority in the matter, and the consent of the people would only have the effect of moral support in negotiating the bonds.

Alderman Stubbs moved that the city engineer be instructed to take the necessary steps to [illegible] a water right to [illegible] Monday [illegible]. The vote upon the motion stood: Ayes—Stubbs, Lenner, Lawton, Bartlett, Skinner, Stevens.

Mayor Strickler reported that he had petitioned the El Paso Electric Light company to allow the city to use its poles in the construction of the fire alarm system, and that they had taken the matter under consideration.

Alderman Stubbs reported that the party having charge of the North Cheyenne park wished to secure a lease of the property on which he is living. On motion the matter was referred to the committee on public grounds, with power to act.

Alderman Skinner reported that the committee on water works had agreed that $950 was about the right amount to charge the city of Manitou for the water *now which they wish to purchase of* the city.

The following bills were read and allowed:

E. C. Bartlett	45 00
Schaefer	3 00
L. J. Waite	3 00
Water Works account	18 50
W. J. Wheat	2 00
Sewer work	21 00
Gazette Printing Co.	6 00
[illegible] McCreery, county warrant	95 00
[illegible] C. A. Co.	11 50
[illegible] R. P. Dillon	4 00
[illegible]	6 00
[illegible] Engineering Co.	21 00
[illegible] Iron Works Manufacturing Co.	42 00
[illegible] Atkinson	4 00
David McShane, sewer work	27 00

The resignation of Joel Atkinson as a policeman of Colorado Springs was presented to the council. On motion of Alderman Lennox the resignation was accepted and the following resolution adopted:

Resolved, That in the resignation of Officer Joel Atkinson this council recognizes the loss of a faithful and efficient officer who has for two years last past performed his duties without fear or favor and that he bears with him the best wishes of this council.

On motion the committee on streets, alleys and ditches was empowered to have the grade of the sidewalk on Tejon street between Kiowa and Bijou fixed.

On motion the owner of the property at No. 10 South Tejon street was instructed to place a stone sidewalk in front of the place.

On motion the clerk was instructed to purchase a cart for wheeling the hose necessary in flushing the sewers.

The clerk upon motion of Alderman Skinner was instructed to advertise for bids to lay stone sidewalks.

On motion the council proceeded to the election of an officer to fill the vacancy caused by the resignation of Officer Atkinson.

Alderman Lennox proposed the name of [illegible]

Alderman Skinner

A petition from the residents of Hawkins' addition was read, praying that a bridge be built across Spooke's run on Franklin street in said addition. Petition was referred to the committee on streets, alleys and ditches.

A petition from a number of the students and professors of Colorado college, requesting to be allowed to use water to make a skating rink in college park was received and upon motion was referred to the water superintendent, with the understanding that it be granted if there is sufficient water.

A petition was received from A. L. Lawton requesting to be allowed to lay a six-inch sewer pipe east and west in block 240 at his own expense, with the *understanding that the city* [illegible] and pay the cost when that part of the city is sewered. On motion the petition was granted.

On motion of Alderman Skinner it was [illegible] *that when the council adjourn it be to meet on Friday night next.*

On motion the city attorney was instructed to draw up an ordinance relating to *grease traps and soil pipes, to be presented at the Friday night meeting.*

An committee of the board of trade presented the resolutions relating to an additional water supply passed at the last meeting, which were read. Mr. H. G. Lunt, of the committee, addressed the council upon the matter, laying before it the absolute necessity of more water and of providing for the future. Mr. Louis R. Ehrich also addressed the council. For nearly three-quarters of an hour a general discussion ensued, participated in by Aldermen Skinner and Stubbs, City Attorney Pattison, City Engineer Reid, Mr. Ehrich and Mr. Lunt.

During the discussion it was developed that the members of the board of trade wish the city to take some action, such as will secure a squatter's or other right to the water of Lake Moraine, and to issue six bonds of not less than $150,000 for the purpose of bringing the water to the city.

[illegible] Washington, December 17.—A Report on [illegible]

THE GAZETTE.

SUNDAY, DECEMBER 16 1888

The Novelty ad is changed this morning.

There will be a meeting of the Mutual France Hose company this morning at 10 o'clock.

Mr J. W. D Stovell left for New Mexico yesterday to purchase new curiosities for his museum.

A marriage license was issued yesterday to Oliver McLauchlin and Anna Kehoe, both of Colorado Springs.

Commencing December 17 the Pacific and Wells Fargo express offices will be open until 10 p. m. for the convenience of their patrons.

Henry Stewart, the expert wing shot, who is stopping in the city, will attempt to kill 22 out of 25 pigeons on Thursday afternoon next at a distance of 21 yards, for a purse of $15.

There will be a public meeting at the city hall Tuesday, December 18th, 1888, at 8 o'clock, for the purpose of discussing the base ball question. A large attendance is desired.

A. R. Ballou has issued a time card for the Colorado Springs and Manitou street railway. The card will be issued every three months in accordance with the changes of time made by the road.

The Consolidated Bookstore changes its advertisement this morning. The firm has a large quantity of handsome plush goods, very suitable for Christmas presents, which they advertise to sell ten per cent cheaper than any firm in town.

M. Kennedy and A. L. Lawton, the agents of the Boston Land company, still have a number of the lots left in the addition to Roswell. The extension of the street car line to this property is assisted and they say the prices will surely be advanced on them very soon.

Mr. Emery P. Moon, of Husted, has furnished us with the following weather record for the week ending December 12th 1888: Highest temperature, 62 on the 12th; lowest temperature, 15° on the 8th; weekly mean temperature, 34.07. Prevailing direction of wind, south.

The case of the People vs. E. T. Massey and E. G. Walls for shooting at John Gilmore came up in Justice Colman's court yesterday. Judge Fields represented the People and Lunt, Arndt & Phelps appeared for the defendants. Five witnesses testified for the prosecution, when the case was continued until Tuesday next.

Joseph R. Grismer and Phoebe Davis, who will appear at the opera house, coming in Frank Harvey's new play, "The World Against Her," were last seen here in Mr. Grismer's dramatization of Hugh Conway's novel "Called Back." The play is said to be remarkably strong, and the supporting company the best these stars have ever had. They will no doubt draw a large audience.

The new Sunday school in the Fourth ward was opened last Sunday under very encouraging circumstances. There was an attendance of fifty. The school was duly organized and officers were chosen. The first regular session of the school will be held this afternoon at 3 o'clock at the house of Mr. F. L. Rouse, corner of Costilla and Cascade. An excellent corps of teachers has been secured and there is every prospect that the numbers in attendance will increase steadily and the school become large and flourishing. There will be to-day and henceforth an adult Bible class. It is probable that by and by there will be occasional preaching services.

To-day being the anniversary of the birthday of Beethoven the programme of the second Winkler concert to-morrow afternoon, in the First Presbyterian church lecture room, will be taken entirely from the works of that composer, and will include a complete trio for piano, violin and cello, the song "Adelaide," Scotch songs, with accompaniment arranged by Beethoven for piano, violin and cello; the Appassionata sonata for piano; one of the sonatas for piano, and a romanza for violin. Miss Charlotte M. Robinson will give the vocal numbers, and Mr. Heinrich Kohler will be the pianist. The concert will begin at 3 p. m., and will be over by 4:30.

Some people think that it does not pay to advertise. Let the skeptical ones call on Duncan Bell and ask what a three line local in the GAZETTE will do. Friday morning he advertised for his cat, which is lost. When he got down to the store in the morning there was a procession half way down the block of men with cats waiting for him to arrive. Some had white cats, some had black cats, while others bore Maltese cats, and one colored man had a spotted cat tied in a bag. But none of them was the right cat. In the back yard some one had tied a dead cat to the coal house door and deposited another one in the ash pit. But neither of these was the right cat. Mr. Bell does not wish any black cats or white cats any Maltese cats or any dead cats, but he would like to have his white and yellow cat "Pete" returned to him.

BUSINESS LOCALS.

10 cents per line for the first insertion, five cents per line for each subsequent insertion. Advertisements to go in every day except Sunday, or on certain days of the week, ten cents per line for each insertion.

Wrong Impressions Corrected!

No one should suppose because of the quantities of Indian goods to be seen in our store that such things are plentiful or easily picked up. As a matter of fact they can only be picked up here and there in the Indian country by persistent efforts. While on my recent collecting trip I bought everything I could find, in this line that I considered desirable, without any regard to quantity, and I doubt if all other Curiosity stores in Colorado and New Mexico together could make as large a showing of the same class of goods. What is seen in our store constitutes about three-fourths of the VISIBLE SUPPLY. It may be said in fact that we have a CORNER ON THE MARKET. We do not intend to take advantage of our customers on this account, however, but will give them all a chance to come in and COVER THEIR SHORTAGE before the prices go up.

We are having brief histories of some of our Indian wares printed on slips of paper, and customers who buy such articles for presents will be furnished with as many of the slips as they need for their friends. It will save much writing and the slips may be kept with the articles in the cabinet.

We pack for shipment, without extra charge, and from such articles sold by us as we know that inexperienced packing of such goods is apt to result in disaster.

We have a large stock of Gold and Silver Filigree Jewelry this year, made by Mexicans in Santa Fe, and our stock of Native Jewelry and Aztec goods is very complete.

We have just had five dozen choice genuine fire opals in rose heads mounted as Scarf and Lace Pins, and have had three dozen fine Mexican Opals, handsomely mounted in Scarf Pins and Finger Rings, all of which will be on sale this month.

Some one asked me the other day if I thought City Opals which in New Mexico. Why, we have the best year around Opal stock of Opals than all the dealers in New Mexico together, and I have Opals with me to sell to them at wholesale. We act as agents for the largest Opal dealer of Mexico.

B. W. DARNELL,
Manager of the GAZETTE.

Senator Palmer with refreshing candidness announces that he does not wish a cabinet position. It is certainly very unkind for the St. Louis Globe Democrat to remark in this connection that the senator is like the cunning Missourian who pinned a temperance badge on his breast in hopes that it would attract invitations to drink from persons believing that he would refuse.

General Lecalthe, the present president of the Hayti Republic, has recently declared his intention to purchase an adequate navy. While a new navy will, if powerful enough, do much to insure amicable relations abroad, this does not seem to be just what the black republic needs most just now. Hayti seems to be more in need of protection against herself than against foreign countries.

An anti-monopoly mass convention is soon to be held at Bismarck, Dakota, for the purpose of giving democrats an opportunity to show their leaders in congress that the movement for statehood is not partisan. It is probable that democratic congressmen will require a more convincing argument than this before they vote for the bill admitting that territory—an assurance, for it would be cast for the next democratic candidate for president would prove very effective.

The movement to relieve Colonel Dudley, of the republican national committee, for attempted bribery is not being pushed as vigorously as it was some days ago. The grand jury has been adjourned for the present and it seems to be doubtful when it will meet again, and just as doubtful whether when it does meet the case against Colonel Dudley will be taken up again. The New York Evening Post thinks it has solved the problem of this sudden lull in the proceedings. It says: "It is probable that a strong pressure is being exerted to stop the investigation, by the eminently respectable subscribers to the political corruption fund, who realize that such an investigation could not be confined to one party."

The wonderful falling off in the population of Nevada is exciting much comment. The decrease has amounted to 15 per cent in the last eight years. At the November election Harrison received 7,088 votes, Cleveland 5,119, and Fisk 11, a total vote for presidential electors of 12,278. From this vote it is estimated that Nevada's total population will not exceed 40,000, including Indians and Chinese. And yet the state has two senators and one representative in congress, the same representation exactly in that body as Colorado, with her population of over 400,000. This is manifestly unfair, but the federal constitution provides of no change without the consent of the state.

Our supplement to-day is devoted to the interests of Colorado college. In it will be found a complete collection of the letters and editorial comments relating to the institution, which have appeared in our own columns and in those of other papers of the city. We also reprint the full report of the business meeting which was held on Friday night. As the help which the college receives from abroad must depend largely on the impression which outside friends receive as to the interest and assistance we are giving it at home, the supplement will be found useful in imparting this information. It will be sent to friends in the east and elsewhere to tell them just what we are doing and what we expect to do.

Senator Ingalls said in an interview the other day, that if there were four democratic officeholders in office on the fifth of March, and he had the power to remove them, they would be at once succeeded by 40,000 republicans. The distinguished senator from Kansas excuses himself for this kind of talk by saying that he has hundreds of men pulling off their coats and working for him every time he is a candidate for office and he would like to reward some of them by obtaining a public office for them. These men must be helped, that the wheels of government be allowed to stand in the way of the government's paying off Senator Ingalls' personal political debts. But is not there, is such a law it is some comfort to know that its execution will be in wiser hands than Ingalls'.

Stanley's Fate.

LISBON, December 17.—Mr. Thompson, the African explorer, writes that it is only too probable that the Mahdi has captured Emin Bey. He expresses unhesitatingly the conviction that Stanley never reached Emin but was misled with his whole party in the region to the west of Albert Nyanza. In the region he says there are dense forests and swamps and Stanley and his followers must have had to march over mountains and to fight for their very lives. The absence of news of the party is because there is no steamer on those parts by which to send dispatches. Many [illegible] selection of the Congo route. Why that route was selected still remains a mystery.

Colorado's Finances.

DENVER, December 17. The biennial report of State Auditor Kinsley was completed to-day. It shows the total receipts for two years to all funds to be or count to $9,990,179.85, which with cash on hand December 1, 1886, $181,885.61 and cash invested in state warrants on that date $352,617.08, make a total of $8,711,682.57. The total disbursements were $8,731,[illegible]

$20,31[illegible] which with cash in the state warrants, $379,011.93, and cash balance in the treasury, $347,[illegible]31, makes a total [illegible]

Whittier Sentenced.

[illegible]

The Wrong Jurors.

MEMPHIS, December 17.—Of the eleven jurors impaneled to try Dave Hall, Mose Dudley and Dick Hall, Mose will not be tried. The jury which followed had "hung" on its first ballot.

Crushed by Steam.

CINCINNATI, December 17.—By the bursting of a steam pipe this afternoon at the Cincinnati Screw company's works three men were severely, perhaps fatally, injured.

A Fatal Explosion.

PITTSBURG, December 17.—A furnace at the Edgar Thomson steel works was badly damaged by an explosion of metal to-night. Three workmen were terribly burned.

Lucy Parsons' Movements.

CHICAGO, December 17.—Lucy Parsons, the anarchist, arrived at home secretly this morning, but left again without saying where she was going.

Freight Rates Restored.

NEW YORK, December 17.—Freight rates, east and west bound, were restored by trunk lines this morning.

AN AMERICAN GIRL.

Her Reception by the Paris National Conservatory of Music.

A reporter for The Chicago Tribune interviewed Miss Laura Moore, the opera singer, with the following result:

"How many American girls enter the Conservatory?"

"More every year. Many girls prefer a German course, and insist on going to Munich. [illegible] to Paris, as it is, is a [illegible] to go. Power has an immense prestige. All the best singers in the country have passed through it. Its prizes are most sought after than the highest operatic positions. Its diplomas give you the entry of all musical bodies. Its president is Ambroise Thomas, composer of 'Mignon' and 'Hamlet.' Its jury comprises 'The Queens of Dolibes,' 'Mignon' and Gounod, who are all professors in the Conservatory. To have come victorious from its tuition is almost to insure the success of your musical career."

"Is the opera bound to take a girl who wins the first prize?"

"No; but the competition at which the prize is won is public. The managers of the Grand opera are among the audience. They get an excellent chance to hear what you can do."

"And if they take you?"

"You are bound to them at a yearly salary of 6,000. This is the rate fixed by the Conservatoire. It is small, but then you have had all your schooling for nothing."

"How did you win your first prize?"

"M. Bertin, my teacher, made me sing the hardest thing he could find."

"What was that?"

"Ophelia's mad scene in 'Hamlet.' He said 'If you can sing what is difficult the jury will know what you can do with [illegible] that are easy.' O, the bitter tears I shed over the mad scene. But I mastered it. The prize was awarded to me unanimously."

"Had it any pecuniary value?"

"No, only the diploma. But how many girls would give their eyes for that diploma! Besides, the education, which costs many American parents so much, had come to me for nothing. I had merely gone to the Conservatory, had my voice tried, sang one song, and been admitted. Two years later I won my prize."

"Would you advise other American girls to try to follow your example?"

"Why not? I am a western girl. My parents needed all I had nobody to pay for my education. I settled down in Paris, knowing that I had to succeed; and when a western girl knows that she has to succeed she generally succeeds."

"Can anybody enter the Conservatory?"

"Any girl gifted with a good voice. It is a wonderful institution which opens its doors, not to its own people only, but to all the world. I, an American girl, owe everything to its fostering care. How can I feel otherwise than grateful?"

FALCON

Junction of the Rock Island and Fort Worth Railroads

A Boom that is a Boom!

[illegible] restaurants and private houses besieged and overrun by new comers and investors. 1000 men have been steadily employed and there is now work for 1000 more.

[illegible] exchange business between the two railroads, requiring a score of men and acres of side and connection tracks. Every stranger that visits Falcon expresses surprise to find so many substantial improvements, so much business and life, and they become inspired with a feeling of confidence at once and want to own property here while it can be had at the original low prices. Nothing has been misrepresented to them; everything that has been advertised and promised has been fulfilled to the letter.

ONLY THINK OF IT!

Where six weeks ago was but the remnants of an old deserted sheep camp now there is a $6,000 Hotel nearly completed, two general stores, one drug store, meat market, blacksmith shop, weekly newspaper, half dozen restaurants, two large lumber yards, two railroad stations, besides numerous private dwellings.

Still we find a dozen more clothing stores, shoe stores, furniture store, brick yard, grain store, livery stable, and a great many other enterprises that these places will sustain, and that will thrive and prosper.

Now is the time to invest in Falcon. Harrison and Morton's election is assured, and that means four years of good times and prosperity for Colorado.

T indicates less than [illegible]

[illegible] Supervising Surgeon U. S. A.

Dr S T Bussey is reported [illegible] with fever

Mr J DeWitt Peltz [illegible] east on Saturday

Mr S D Bradford returned [illegible] east Sunday evening after an absence of several weeks.

There will be an open session of the I O G T on Tuesday evening with interesting exercises

Mr C F Byram left for his home in Chicago yesterday morning, during the holidays.

Dr. Robert F Masters has [illegible] rooms in the Bank Block Depot and will remove with his family to it shortly

Mr W H Allington formerly of Chicago, has assumed the management of the Western Union telegraph office in this city vice L Horton resigned

The Austin Bluffs Water Co pany has been supplying the Rock Island depot house with water for several days and now in excellent working condition

The ladies of the Congregational church wish to thank their many friends for the patronage so liberally given the fair and festival They netted the neat sum of $515 by it.

The Matt France Bros company will give its annual ball on New Years night at Masonic hall. The members propose to make the ball the success of the season.

There will be a regular meeting of Phoenix encampment, No. 21, this evening for work in R P degree and election of officers. All members and visiting Patriarchs are earnestly requested to attend.

Resch & Cowell secure for the Maitland coal, insert an advertisement in this morning's Gazette. This coal is taken from the Greenhorn mountains, near the Spanish peaks, and is held in high favor wherever [illegible]

The members of the police force last night presented Joel Atkinson, the retiring officer, with a handsome suit of sleeve buttons upon the announcement of his resignation. They are of solid gold, with the three links of Odd Fellowship in raised work on the face.

We would call the attention of our readers to the change in the "Roswell City" ad. This property is having an unprecedented sale in the history of real estate in this city. The property lies on the west side of Monument creek, and is most advantageously situated. It is needless to further mention the many attractions which land so favored possesses, and its permanence as one of the choicest and most desirable sites for a home.

Marshal Dana stated to the city council that arrangements had been made by which the powder houses of G S Barnes and C E Durkee will be taken from West Colorado Springs to a point in Major McAllister's pasture, about a mile northeast of the city. Considerable uneasiness has been felt by citizens in the vicinity of the powder houses lately, and the firms which own them have been considering the advisability of removing them for some time.

The meeting this evening in the interest of next season's base ball should not be forgotten If Colorado Springs is to appear in the state league next year the citizens will have to take hold of the matter and push it The games last year furnished considerable of an advertisement for the city, and were a means of entertainment and pleasure for the thousands of strangers who tarried in the city The team that is first in the field will have the best chance to secure the state players

The cut on our fourth page this morning will give our readers some idea of one of the many fine views to be had from Austin Bluff This one drive will well repay you for the direction to the beautiful tract A short drive out North Weber street and you will notice leading to the north east a road to what is long been known as Templeton's Gap Just before reaching the gap there is a well to the east turning to the right Take this right hand road the only one turning off after leaving the city and after driving along about a quarter of a mile pass through a large open gateway and you are on the property Keep straight ahead after passing through the gate and you will find an excellent road leading up through this beautiful tract and around upon the top of the bluff Soon after passing through the gateway by looking back you will see the view spread out before you
